OBSERVATION...DEDUCTION...PERCEPTION...IMAGINATION

Shirley Holmes is the 12 year-old great-grandniece of the world famous detective Sherlock Holmes. Brilliant and eccentric, Shirley must solve mysteries. It is her passion - and the hidden corners we all like to avoid are the very places she wants to be.

With an equal love of gadgets and brain teasers, Shirley has the wonder of modern science on her side. Brandishing a lap-top computer and magnifying glass, Shirley and her sidekick, Bo, invent, create and riddle their way through each challenging new mystery.

Shirley does what every kid wants to do ... outsmart adults.

Shirley Holmes carries on her ancestor's legacy in her quest to be the World's Greatest Detective.

THE ADVENTURES OF SHIRLEY HOLMES is co-produced by Forefront Entertainment Group and Credo Entertainment. Produced with the participation of Telefilm Canada and Manitoba Film & Sound. Produced in association with YTV, Canadian Television and Cable Production Fund, Craig Broadcasting Systems and Shaw Children's Programming Initiative. The series is distributed by Credo Releasing Inc.
